

BDS Cabinet-Mount Delivery System

■ BDS Rear Cabinet-Mount Delivery Systems

Expand on productivity while minimizing patient anxiety.

Delivery Arm Movement

Articulating delivery system arms make it easy to position instruments where it's needed.

Doctor's Control

Articulating delivery system arms make it easy to position instruments where it's needed.

Assistant's Instrumentation

Assistant instrumentation includes a 4-position crescent holder, HVE, SE, air/water syringe and a vacuum canister with disposable solids collector screen (BDS2561, BDS2563, BDS2571)

Bottled Water Integration

Delivery system is equipped with a bottle water system for handpieces. The quick disconnect allows the user to remove, refill, and replace the bottle, decreasing maintenance time and increasing efficiency.

Model BDS2564 Doctor's Unit and BDS2571 Assistant's Unit

BDS2561 Doctor's Control and Assistant's Instruments

BDS2563 Assistant's Instruments

■ BDS Side Cabinet-Mount

Delivery System

Synchronize cabinetry and delivery system for optimal support.

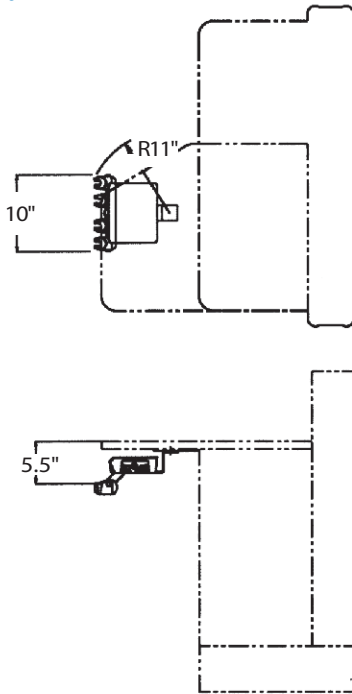

Concealed Storage

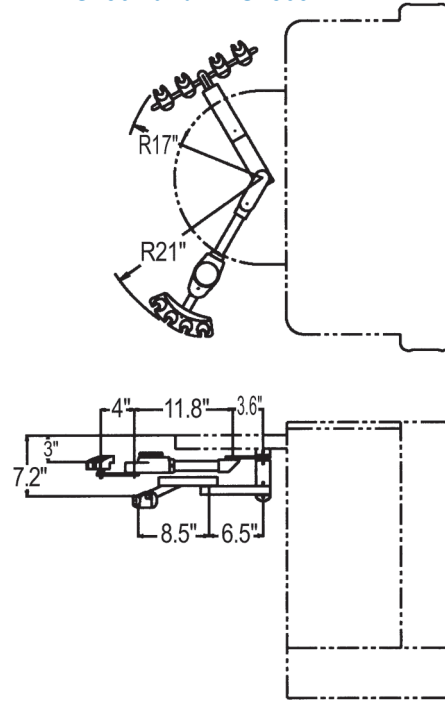

BDS2555 side cabinet-mount delivery system retracts into an under-counter storage bay within the side cabinet when not in use, creating an open and accessible operator.

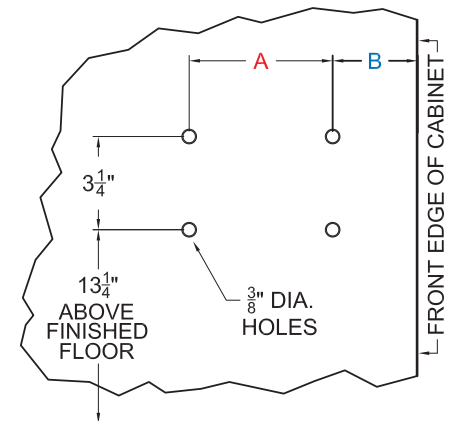

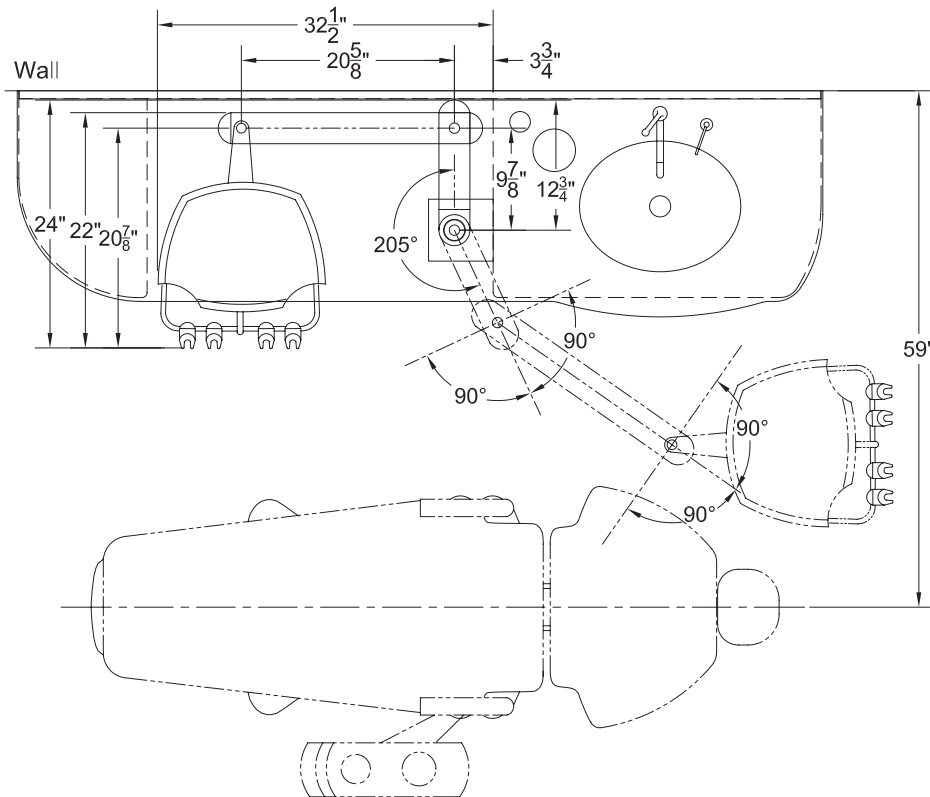

BDS2564

BDS2561 and BDS2563

BDS2555
