

Sterilization Centers

■ E155

Sterilization Center

Luxurious style. Quality performance.

Hands-free Operations

Color-coded pneumatic switches to operate hands-free waste drawer (green), unsterile upper storage doors (red), and hands-free tower doors (blue).

Sterile

Red light storage for soiled instrument cassettes and sanitized instrument storage with blue light to indicate items have been processed.

Safe Environment

Pneumatic hands-free waste drawer with sharps easily manages waste materials based on safety guidelines. The push-out opening mechanism allows the user to open and close the drawer without any cross-contamination.

Accessibility

Tapmaster™ foot control can be found underneath the sink for hands-free operations.

■ E120

Sterilization Centers

Embodies a customizable form and premium function.

Sterile

Pull-out rotating soft-closing instrument tower with blue light.

Prep

Unsterile upper instrument cabinet with glass shelves and red light.

Hands-free Operations

Tapmaster™ foot control can be found underneath the sink for hands-free operations.

Convenience

Pull-out waste container and full-extension soft close tandembox drawer.

Upgrades

Options include task lights, sharps disposal container, sink upgrades.

■ D96

Sterilization Centers

Incorporates a modular design with customizing components to deliver simplistic function.

Sink Usability

Tapmaster™ kick pedal can be found underneath the sink for hands-free operations

Workspace Components

Standard laminate countertop with drop-in stainless steel sink and chrome faucet with soap dispenser.

Steri-Tower

Sterilization tower utilizes wrap drawers with slide-out shelves to keep tools accessible and within reach.

Clean Atmosphere

Pull-out trash module keeps waste out of sight for a cleaner look.
